

How to correctly measure your body

A Chest men

Measure at the top of the armpit, over the nipple.

B Chest women

Measure at the top of the armpit, at the widest point of the chest.

C Waist

Measure directly over the navel/hip comb. Do you prefer a lower waist? Please send us your measurements.

D Hip

Measure at the widest point of your hips.

E Inside leg length

Measure at the top of the thigh,

F Arm length uniform

Measure from where the shoulder tips, on the outside of the arm, and down to the ball at the wrist.

G Arm length workwear

Measure from where the shoulder tips, on the outside of the arm, and down to where the thumb starts.

H Neck

Measure around the neck with one finger between the neck and the measuring tape.

I Back lenght uniform

Measure from the neckline to just below the seat.

K Thigh

Measure around the thigh at the widest point.

L Full lenght

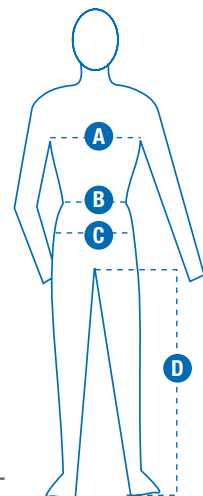

Measure from the top of the head down to the toes, without shoes.

Important!

1. Measure in underwear, without shoes
2. Stand as relaxed as possible
3. Do not subtract or add to the measurements
